GUIDELINES FOR DETERMINING MATERIALITY OF EVENTS OR INFORMATION:

Quantitative criteria would be calculated based on audited consolidated financial statements and would mean the omission of an event/ information whose value involved or the expected impact in terms of value, exceeds the lower of the following:

- (a) 2% (two per cent) of consolidated turnover, as per the last audited consolidated financial statements of the Company; or
- (b) 2% (two per cent) of consolidated net worth as per the last audited consolidated financial statements of the Company (except in case the arithmetic value of the net worth is negative)); or
- (c) 5% (five percent) of average of absolute value of consolidated profit or loss after tax for last 3 years, as per the last 3 (three) audited consolidated financial statements of the Company.

In terms of the SEBI Disclosure Circular, if the average of absolute value of profit or loss is required to be considered by disregarding the ‘sign’ (positive or negative) that denotes such value as the said value / figure is required only for determining the threshold for ‘materiality’ of the event and not for any commercial consideration.

The details to be provided to the Stock Exchanges while disclosing Para B Events shall be in compliance with the requirements of the SEBI Disclosure Circular.

For the avoidance of doubt, it is clarified that if the objective materiality threshold is not met, an event or information may be treated as being material if in the opinion of the Board of the Company, the event or information is considered material.

Qualitative criteria would mean an event/ information:
